Course Code: **CO-1221**  
Title: **Informatics and Cyber Laws**  
Case analysis Code: **CO-1221/SDE-C/2017-18**  
Case analysis Coverage: **All Modules**  
Maximum Marks: **10**

**Attempt all the cases each in 2-3 pages**

1. India has emerged as the fifth largest electronic waste producer in world.- Discuss the statement
2. Digitalization and the Internet have made life easier for everybody, with everything just a click away. From white collar criminals to attacks by terrorist organizations, the number of cyber crime cases has also increased. With the increase in use, abuse of the Internet has also increased. Other crimes like kidnapping, fraud, theft are committed with the help of internet now. Examine the provisions of the IPC, 1860 and the IT Act, 2000 to solve these issues.
